[Portfolio Website](#)

PROFESSIONAL SUMMARY

Software Developer specializing in modern web development with Next.js, React, and TypeScript. Experienced in building high-performance, scalable applications with a strong focus on clean architecture and DevOps integration. Proven ability to deliver production-ready SaaS solutions and interactive dashboards.

TECHNICAL SKILLS

Frontend React, Next.js, Tailwind CSS, TypeScript, Framer Motion, HTML5, CSS3

Backend Node.js, GraphQL, Supabase, Firebase, Drizzle ORM, SQL

DevOps & Tools Docker, Git/GitHub, Vercel, Google Cloud, n8n, Clerk Auth

PROFESSIONAL EXPERIENCE

Software Developer Intern

Alexandria, Egypt

CIB (Commercial International Bank)

Aug 2025 – Sep 2025

- Collaborating with senior developers to maintain and upgrade banking software modules, ensuring 99.9% uptime.
- Participating in code reviews and agile sprints to optimize backend performance and security protocols.
- Gaining hands-on experience in enterprise-level application architecture and database management.

KEY PROJECTS

Driving School Management System (V2)

Next.js, TypeScript, Tailwind

- Engineered a production-ready platform with automated booking and scheduling, reducing administrative workload.
- Implemented responsive UI with **Framer Motion** for seamless user interactions across devices.
- Integrated secure authentication and role-based access control for instructors and students.

Meeting Scheduler Web App (Calendly Clone)

Next.js, React, Clerk Auth, Drizzle ORM

- Developed a modern scheduling platform where users can book meetings through shareable links.
- Integrated **Clerk** for user authentication and session management, with **Drizzle ORM** for database operations.
- Handled availability logic, time slots generation, and timezone compatibility.

Driving School Website

Next.js, React, GCP, Supabase

- Built a responsive website to showcase driving school services and course details.
- Implemented registration and contact forms for student inquiries and sign-ups.
- Designed clean UI sections for pricing, schedules, and instructor information.

EDUCATION

Bachelor of Management Information Systems (MIS)

2023 – 2027 (Expected)

Alexandria University, Faculty of Business

CERTIFICATIONS

- Meta Frontend Developer Professional Certificate** – Meta / Coursera (2024)
- Business Development** – National Bank of Egypt (2024)
